

Postgraduate study in the School of Health & Social Care

MSc Advanced Practice (Clinical Named Speciality) Programme

****APPLICATIONS OPEN for SEPTEMBER 2019****

Who is the programme for?

This programme will suit nursing, midwifery and health professionals (NMaHPs) who wish to develop their career in Advanced Clinical Practice. Pathways through the programme cater for a broad range of specialities including neonates, children & young people, adult acute, adult critical care and primary care. A number of clinical experts teach on the programme offering opportunities for shared learning and networking. Facilities include an award winning state of the art clinical skills centre, excellent support services and recognition of prior learning (where applicable).

What will I study?

The programme is offered part-time using a blended approach (online and face to face teaching) featuring a range of core modules which are as follows: -

- * Advanced Patient History Taking & Clinical Examination
- * Professional Clinical Work Based Learning
- * Non-Medical Prescribing for Nurses, Midwives and Allied Health Professionals
- * Research Approaches
- * Dissertation

Fees

Full MSc £6,005 (*price correct 2018-9*)
