

RCN Advanced Nurse
Practitioner Conference 2019

ANP: Integrating Services – Improving Healthcare

Fees
from just
£125
+ VAT

A rare opportunity to learn and network with Advanced Nurse Practitioner (ANP) colleagues for an update on contemporary matters of relevance to ANPs.

This one day conference will provide a professional update on clinical issues and practice, disseminate research about and by ANPs, showcase innovation and service developments and offer a networking opportunity for ANPs.

Programme topics and themes will address the four pillars of Advanced Practice.

As a result of attending this event, ANPs will be able to:

- Identify how they as individual clinicians can exert leverage and influence long-term healthcare integration between primary and secondary care across the four countries
- Discuss RCN Credentialing of the Advanced Level of Nursing Practice
- Contribute to the discourse that is helping to improve and standardise routes into advanced practice through the establishment of the Advanced Clinical Practice Academy in England
- Evaluate a range of contemporary subjects pertinent to ANPs including Advanced and Consultant practice, technological developments in wound assessment, paediatric research and clinical issues across the lifespan
- Describe the future models evolving around education and development of the ANP e.g. e-portfolios to demonstrate work-based capabilities and apprenticeships
